

# Diagnosis Report

A Confirmation of being free of lice

It's a treatment report about lice & nits extracting reporting medical instructions and circumstances

It's also a suggestion for **REVISION** 7 days later.

By making a new appointment on date and time to the Clinic

it's a school certification and can be certified by a Medical Doctor if needed classified information for Medical Doctors.

## Why this Diagnosis report?

It's a free online service for LICE CLINICS PRIME® Partners.

After each treatment sometimes clients request a document for school. That document could prove that a head-lice infestation had been treated well. From initial contact patients will be attended by a team of experienced and dedicated professionals in Pediculosis. They offer a report and confirm the status of the Head-lice infestations.
